"El Khat are a fascinating hot mess of sounds and influences ..."8/10 **Uncut**

"....echoing one-finger piano grows into the kind of full-on Yemeni dub experience which King Tubby might have found mind expanding." ★★★★★ **MOJO**

"....the scrappy boom Eyal el Wahab's homemade junkyard orchestra El Khat ." **TheWire**

"...a DIY approach honed over half a decade in warehouses and junkyards. This isn't just exoticized traditionalism or diasporic nostalgia, however."
Bandcamp

"El Khat make joyful clatter... everything is recycled metal, plastic or wood, all coming together in a funereal march that sounds like a huge, disgruntled anima shaking itself into life"

★★★★★ **Financial Times**
